Let the shadowplay speak for itself!

SOFT STEEL Puck

This wall light is made from an irregular lasercutted metal disc. Creating a shell-like form on the wall. At an angle, the LED is fixed directly onto the frame. This way it casts a light towards the wall leaving an incredible shadowplay across the background.

High Colourfastness CRI >90

Extremely good glare ratio (UGR)

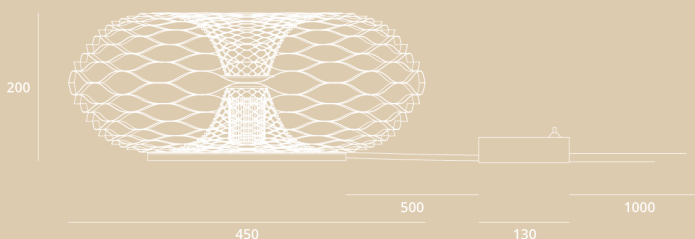

On-Off cable switch included

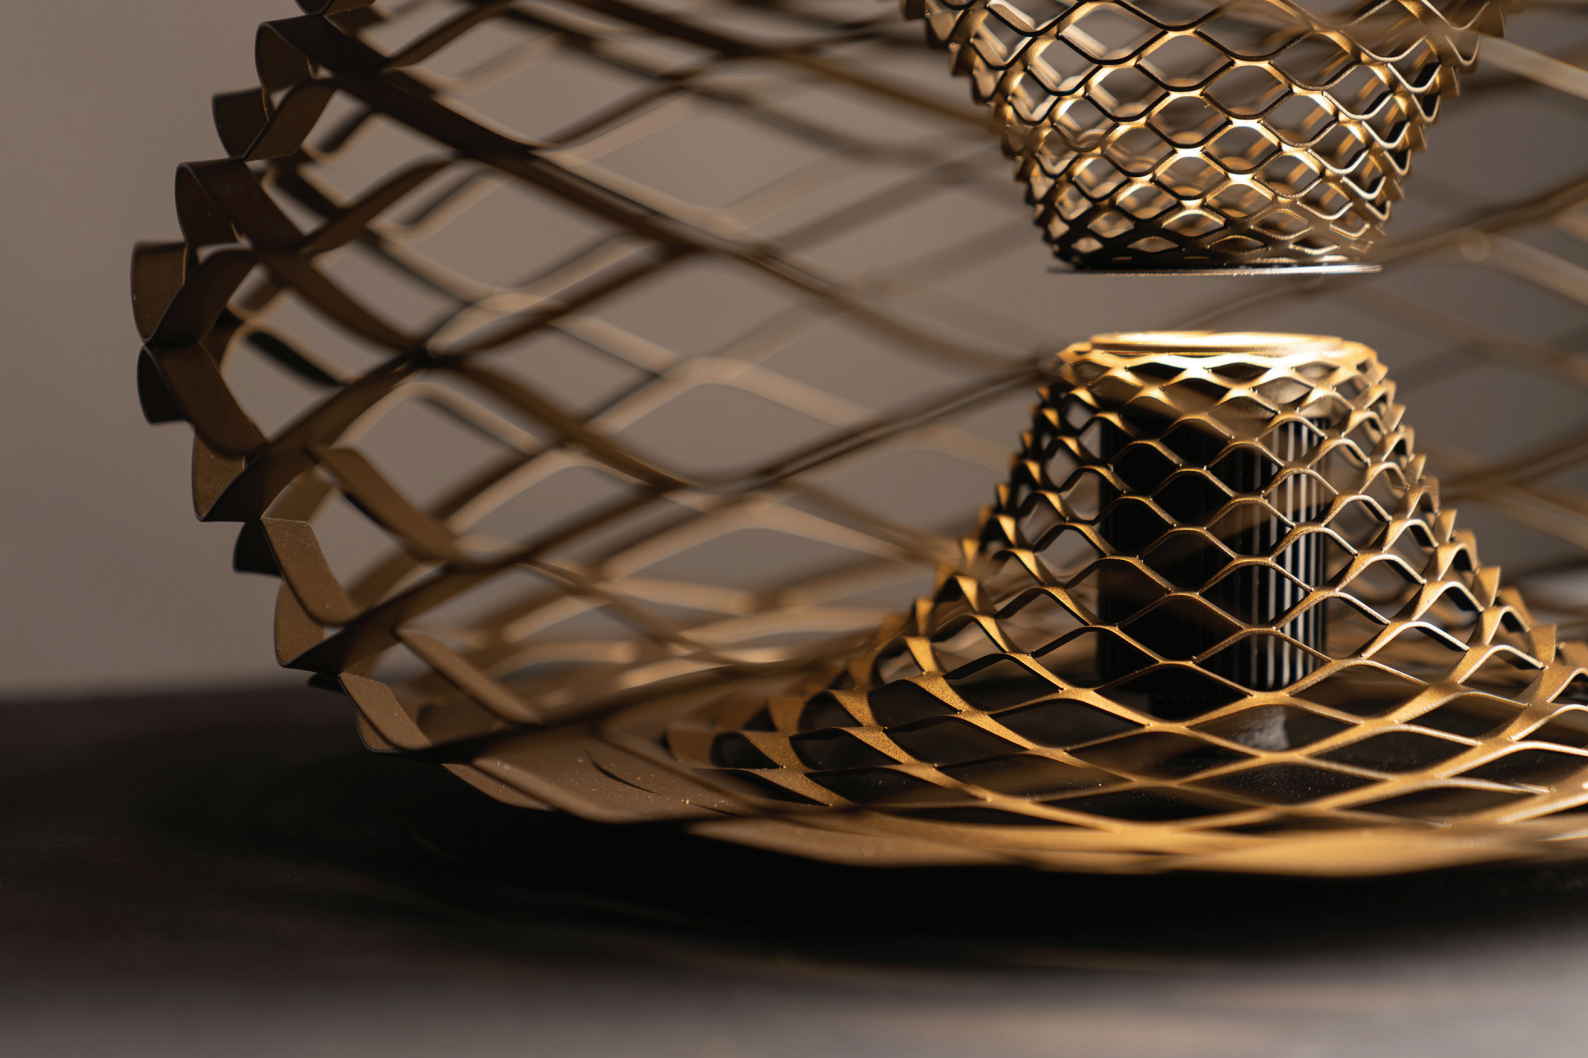

Uplight (fall off reflected inside donut)
