Majestic floor light

SOFT STEEL Crown

The impressive floor lamp is an art piece more than a light.

A 1.8 meter tall tube is lasercutted and expanded into its 'hourglass' shape.

Adding an up and down spot in the middle of the lamp, the inner framework is beautifully lit by its high power LED spots.

The Dim to warm LED function and the included floor dimmer enable its user to create a warm ambiance.

High Colourfastness CRI >90
